

2022 Threemile Vineyard Albariño

Winery Name: GC Wines

Owner/Winemaker: John Grochau

Year Founded: 2002

Winery Location: In the Eola-Amity Hills above Amity, Oregon (Willamette Valley)

About: GC Wines Founder John Grochau made his way to wine organically, starting first in fine dining restaurants in Portland, namely the legendary Higgins, and learning to make wine under the guidance of Willamette Valley greats. In 2002, he founded Grochau Cellars, his eponymous wine label, where he could explore the production of food-friendly wines reminiscent of place. More than twenty years later, John has become well known in the Oregon wine industry as a friend, compatriot and community builder. He has lent his expertise to countless winemaking endeavors and prioritized strong relationships with growers across the state. After reflecting on more than two decades in the business, he shortened the name to GC Wines to reflect the brand's evolution from one person's dream to a dream realized and a much bigger family.

Vineyards: Threemile Vineyard, Columbia Gorge AVA.

Case Production: 125 cases.

Vintage: The 2022 started with bud break in early April, with a record breaking frost on April 15th. The spring and early summer were very cold and wet, and it was the rainiest spring in 80 years. Summer truly began in mid-July. We had the hottest August and October on record for the region. Once we arrived at the lag phase, (the halfway point of grape ripening), we found we had a very large crop on our hands. We had to drop close to 50% in some vineyards to ensure ripeness at harvest. Due to the cool weather at the beginning of the year, we started harvesting a full 20 days later than in 2021, on September 26th, and we didn't finish picking until October 23rd.

Winemaking: Three Mile Vineyard is an exciting new vineyard project, it is located just outside of The Dalles, in the Columbia Gorge AVA. We fermented this wine in a concrete egg and let it age 5 months on lees in the egg, after which we racked it to a 2 year old acacia wood puncheon and a stainless steel barrel for an additional 2 months of aging before going to tank 2 weeks before bottling. The 2022 Albariño is from young vines and shows a mix of both ripe and less ripe apricot, along with some orange marmalade.
